## What's New in the?

Deep Silver has announced the PC digital release of Grow Home on March 20, and the PlayStation 4 version of the game comes to Australia on March 26. I recently got a chance to play Grow Home at the Media Preview and I have to say it's a fun little game and definitely worth checking out. Deep Silver has announced that Grow Home will release digitally on March 20 and that PlayStation 4 owners will be getting the PS4 version of the game on March 26. Grow Home is described by Deep Silver as "a true-to-life award-winning physics based tower building game, where you grow your dream home. Grow plants, fences, trees, workshops, and even robots to survive and make your homestead the ultimate place to live." Here's the UK release description: "Building up a new, exciting home in Grow Home is an artistic journey. Learn and play with powerful building blocks such as plants, furniture, robots and more to bring your humble abode to life. Grow your home, farm the land, and take care of those adorable pets. With the help of your friends, this post-apocalyptic world is your oyster. " Deep Silver has announced that Grow Home will release digitally on March 20 and that PlayStation 4 owners will be getting the PS4 version of the game on March 26. Grow Home is described by Deep Silver as "a true-to-life award-winning physics-based tower building game, where you grow your dream home. Grow plants, fences, trees, workshops, and even robots to survive and make your homestead the ultimate place to live." Here's the UK release description: "Building up a new, exciting home in Grow Home is an artistic journey.
